# Adapting to **Sustain Momentum**

The world is living through an unprecedented crisis, the impact of which has been severe and far-reaching on almost every economy. The COVID-19 pandemic has impacted a lot of industries and businesses worldwide, but also created opportunities for businesses to thrive by embracing the evolving trends.

In these testing times, what has kept us in good stead is our agility, resilience, and responsiveness to a constantly evolving business environment. Our technical prowess and prudent cost management enable us to provide world-class products and services to our distributors and industries and give us a distinct edge. Our judicious approach has enabled us to navigate through the uncertain times and capture futuristic opportunities.

By widening our expertise, strengthening people practices, expanding capacities and efficiencies, we have been navigating the challenging circumstances and sustaining growth momentum. Our health and hygiene vertical continue to generate demand due to heightened focus on hygiene and cleanliness in the post-Covid world. Our steady focus on this segment helped us sustain growth and deliver a profitable performance throughout the year.

# About Aarti Surfactants

We are a renowned producer and supplier of high-quality ionic and anionic surfactants and specialty Surfactants. Our vast expertise, technology and R&D competence, diverse portfolio, and widespread customer base underpin our operations.

Our manufacturing prowess is supported by our plants situated at Pithampur (Madhya Pradesh) and Silvassa. These state-of-the-art manufacturing units enable us to produce surfactants of the highest quality that exceed the most stringent requirements of our customers. Our wide product portfolio finds application in diverse segments including shampoos, soaps, handwash, detergents, floor cleaners, etc. We continuously ensure timely delivery of order and consistent quality with sound technical information. We also manufacture formulated blends as per customer specifications and ensure timely delivery by leveraging our well-established and strong distribution network.

## Our Vision

To become the Global Partner of Choice for all leading FMCG companies for Surfactants and Specialty Products.

# Managing Director's Message

“

Driven by innovation, we consistently focus on augmenting our offerings to fulfil the emerging customer aspirations.

”

## Dear Shareholders,

First of all, I would like to express my sincere appreciation for all the frontline healthcare staff and those engaged in providing essential services for their relentless efforts to provide all of us with the much-needed ray of hope in such difficult times. The COVID-19 pandemic has disrupted lives worldwide, and these heroes have rallied beyond their call of duty to provide us support, despite such challenging circumstances. I trust that you all are safe and in good health.

Financial year 2020-21 was full of unprecedented times; the COVID-19 pandemic has brought about a change that will not only impact our today; but shall also impact our future. The pandemic and the subsequent lockdowns not only brought the industries and businesses worldwide to a grinding halt; but also disrupted lives across the globe. The Indian economy has been severely impacted on account of the pandemic and contraction of economic activity. As per the Central Statistics Office (CSO), the economy contracted by 7.3% in FY 2020-21, as compared to 4% growth recorded in the previous fiscal.

Nonetheless, the economic activity is expected to rebound on the back of fast and successful roll-out of the vaccination drive; however, the intensity and depth of the second wave of infections may derail this rebound.

## Our Performance

Despite the challenging circumstances, your Company adapted quickly and sustained growth trajectory very well and demonstrated business resilience by harnessing its core competencies. Our revenues for the year stood at ₹ 46,577 lakhs, Profit After Tax for the year was at ₹ 2,164 lakhs from ₹ 209 lakhs in the previous year. The financials of our company for FY 2020-21 prove that we are on the right track of progress and our continuous efforts are bearing fruit.

Though daily lives came to a standstill, essential products and services are still the need of the hour. We ensured uninterrupted business operations with regulatory approvals even during the lockdown period due to our product portfolio, the majority of which cater to the essential categories. With enhanced focus on hygiene and cleanliness in the wake of the pandemic, we responsibly leveraged our essential products' portfolio catering to the health and safety segment and delivered profitable performance during the year.

## Realigning Priorities

As a responsible organisation, we have always kept health and safety as the topmost priority, and we have best-in-class safety standards in place. To ensure our employees' well-being, particularly during the pandemic, we implemented standard operating procedures at our workplaces and plants.

Key measures included regular cleaning and sanitisation of premises, temperature screening of employees and visitors, wearing of masks and gloves, maintaining of social distancing, etc. With the support of the local administration, We conducted mass vaccination programmes for our employees and their families.

### Sustaining Business Excellence

Our team works tirelessly to identify opportunities of growth within and add new products that drive more synergies within our ecosystem. Driven by innovation, we consistently focus on augmenting our offerings to fulfil the emerging customer aspirations. We also adopt to the highest standards of corporate governance and have a risk management framework which helps us identify and manage key business risks. Further, we are focused on enhancing our capacities and improving efficiencies to capture the emerging opportunity arising from the rising consumption of hygiene products.

### Strengthening Customer Relationships

Over the years, we have established ourselves as a strategic supplier to several of our marquee customers. Our commitment to adding value to our esteemed customers by offering innovative and consistent quality products are backed by extensive market research. We constantly strive to understand customer requirements and manufacture products to meet their needs. Further, we endeavour to grow our customer base in high growth markets by leveraging our robust capabilities. Through meaningful interactions and shared success, we stand and grow along with our customers.

### Growing Demand for Eco-Friendly Surfactants

Demand for surfactants has begun to shift towards more ecologically friendly and sustainable products with lower environmental profile. With rising awareness on use of hazardous chemicals, a growing number of consumers are willing to demand organic personal care products, driving the overall industry expansion. Our diverse and customised portfolio, long-standing customer relationships, and technical and manufacturing capabilities make us competitive. This enables us to capture unique opportunities presented by our customer industries spread across the globe.

### Business Outlook

Going forward, we believe we are well-positioned to capitalise on the unfolding opportunities in the Home and Personal Care segment by leveraging our competitive strengths. However, in the light of volatile business environment we will move forward with caution. We remain optimistic about the future as we continue to focus on adding new customers, adding new products, undertaking cost controlling measures to become a leaner and more agile organisation, while emphasising on capturing heightened demand for the essential products' category to sustain momentum.

### Conclusion

I would like to take this opportunity to thank our esteemed stakeholders, our shareholders, our customers, our suppliers, our business partners, and our family of dedicated employees for their unstinted trust and support in these difficult times.

Warm Regards,

**Mr. Nikhil Parimal Desai**

Assisted in infrastructure development of government primary school.

Distributed face masks and gloves, PPE kits, food and water, dialysis machines and oxygen concentrators to the hospital.

# Management Discussion And Analysis

## Economic Overview

### Global Economy

The global economy in the year 2020 witnessed an unprecedented crisis as the outbreak of the novel coronavirus pandemic spread rapidly across the globe. Lockdowns announced by major economies played a critical role in saving lives. Lockdowns resulted in severe damage to the economic activities setting the world economy into a deep recession. As per the International Monetary Fund (IMF) estimates, the global economy contracted by 3.3% as compared to 2.8% growth recorded in 2019. Nonetheless, swift and unprecedented fiscal and monetary policy measures by most governments and central banks have been aiding the recovery in economic activity. Massive vaccination drives and additional policy support in few large economies have raised hopes of a turnaround in 2021 with growth expectations of 6% in 2021 followed by 4.4% in 2022. However, the resurgence of infections in many countries may derail economic recovery. With growing vaccine availability and improved therapies, local transmission of the virus is expected to be brought to low levels everywhere by 2022 provided there is effective management of second wave of infections.

(Source: IMF World Economic Outlook, April 2021)

### Indian Economy

India witnessed major economic disruptions in FY 2020-21, as the outbreak of COVID-19 severely impacted health and safety of the country's inhabitants. This prompted the government to undertake one of the world's tightest lockdowns, bringing manufacturing and trading activities to a screeching halt. Prolonged lockdowns accentuated existing vulnerabilities of the country and weakened investment and consumption demand. India's Gross Domestic Product (GDP) contracted by 8% as against a growth of 4% recorded in FY 2019-20, marking a recession since 1980, as per IMF estimates. The government announced a special economic and comprehensive package of ₹ 20 lakh crores, equivalent to 10% of India's GDP, to revive the country's economic activity. Moreover, creation of National Infrastructure Pipeline (NIP); Production-Linked Incentive (PLI) scheme to boost domestic manufacturing – are all expected to reinvigorate the economy. Supported by strong fiscal and quasi-fiscal measures along with successful vaccination drives, India's growth is likely to rebound to 10.1% in FY 2021-22; however, ensuring recovery from the resurgence of infections remains an immediate challenge.

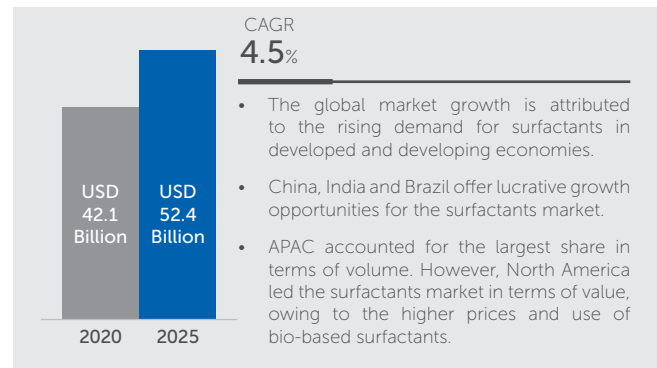

## Industry Overview

### Global Surfactants Market

Surfactants are materials that lower the surface tension between two liquids or between a liquid and a solid. It may act as a wetting agent, emulsifier, foaming agent, and dispersant in products like paints, emulsions, adhesives, shampoos, detergents, foams, and others. They are applicable across multiple industries including personal and home care, lubricants and fuel additives, food processing, oilfield chemicals, textile processing, industry and institutional cleaning, and other application segments.

The global surfactants market is estimated to reach USD 52.4 billion by 2025 from USD 42.1 billion in 2020, registering a CAGR of 4.5% from 2020 to 2025. Factors such as low prices and easy availability of surfactants have been boosting the market growth. Furthermore, increasing awareness on personal hygiene and cleanliness, changing lifestyles, and augmented spending on personal and home care are also some of the key growth drivers.

### Attractive Opportunities in the Surfactants Market

(Source: Markets and Markets Research)

The COVID-19 pandemic and the lockdowns enforced worldwide have led people to minimise the usage of personal vehicles, thus, creating a negative impact on the lubricant and fuel demand and, in turn, decreasing the demand for surfactants. However, the consciousness regarding personal hygiene and clean surroundings has increased in the current situation, which has stimulated the demand for personal and household cleaning products, thus, enhancing the growth of surfactants.

### Demand in Asia-Pacific

Asia-Pacific is amongst the largest markets for surfactants owing to the growing demand from household and industrial applications. Increasing urbanisation, growing awareness on personal care and hygiene, and rising population in India and China offer lucrative growth opportunities for the surfactants market in this region. In addition, increasing demand for

sustainable and bio-based surfactants products will further provide ample opportunities and will lead to strong growth of the Asia-Pacific surfactants market.

### Growing Demand for Bio-Surfactants

Home care and personal care applications are increasingly adopting green surfactants, accounting for a significant share in the global market. Region-wise, North America and Europe are the leading producers as well as consumers of green surfactants, which is the result of the availability of advanced technology and stringent regulatory policies in these regions. The Asian-Pacific region is expected to emerge as one of the significant markets for the eco-friendly surfactants market owing to rapid urbanisation and the presence of a large population coupled with the growing consumer demand for bio-based surfactants.

### Indian Surfactants Market

India is expected to be the fastest-growing market for industrial surfactants due to the country's rapid economic growth. Government's strong focus on building infrastructure has been augmenting the demand from construction, paints and coatings, and Synthetic Latex Polymer (SLP) applications, the three fastest-growing applications in India. Surfactants consumption is expected to grow at a CAGR of 9.6%, 8.8%, and 8% in the SLP, paints and coatings, and construction industries, respectively, until 2022. Moreover, a shift towards environmentally-friendly and better-quality end-products is also expected to positively affect the market.

The government's initiative to build 100 Smart Cities will also drive surfactants consumption in the construction industry as the raw material specifications for this project include the use of surfactants to provide strength and longevity to the structure.

Food, textile, and oilfield and mining are expected to form the next group of applications for growth in surfactants consumption in India. Rapid urbanisation, changing lifestyles, rising disposable incomes, and fast-growing home and personal care segments have been contributing to the aiding of the surfactants market. These trends will have a direct bearing on the growth in consumption of different surfactants in India.

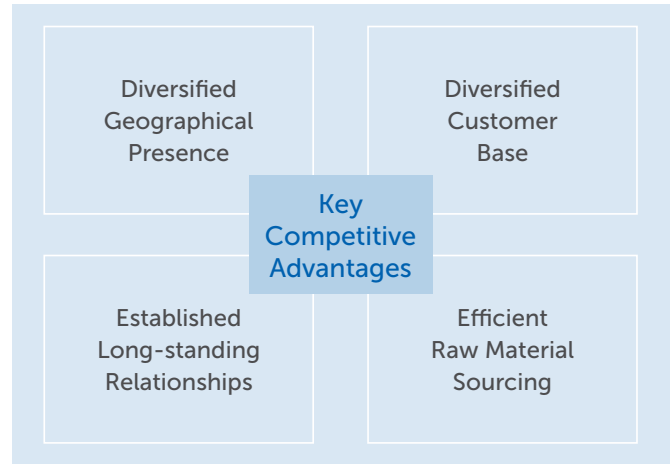

## Company Overview

### Secretarial Auditor & Their Report

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and rules made thereunder, the Company had appointed CS Sunil M. Dedhia (COP No. 2031), Proprietor of Sunil M. Dedhia & Co., Company Secretary in Practice to undertake the Secretarial Audit of the Company.

The Secretarial Audit Report is included as **Annexure-B** and forms an integral part of this Report.

As regards observation (i) made in the Secretarial Audit Report relating to Non-listing and Trading of Redeemable Preference Shares issued pursuant to Composite Scheme of Arrangement between the Company and Aarti Industries Limited, it is clarified that listing is delayed due to certain clarifications sought by the designated Stock Exchange i.e. BSE Limited in respect

of compliance requirement of relevant SEBI circulars and genuine difficulties faced by the Company in complying with the same. While we have complied with all the requirements, there is also a requirement for the Redeemable Preference Shares to be rated by the Credit rating agency with a minimum credit rating of AA-. Since our Company has recently been incorporated and does not have its own independent past track record, getting this rating at this juncture is not possible inspite of having an absolute clean credit record. Further, the Stock Exchange has also sought clarification on the Issue Price of Redeemable Preference Shares which has been indicated in the Annexure 1 to the said Scheme i.e. at fair value, which has been taken based on valuation Report sought for the said Scheme. Hence there has been delay in listing of these Redeemable Preference Shares. The Company is considering possible options to address the issues in this regard;

As regards other observations (ii) to (iv), the same are self explanatory and warrant no further clarifications.

During the year under review, the Secretarial Auditor had not reported any fraud under Section 143(12) of the Act and therefore no details are required to be disclosed under Section 134 (3) (ca) of the Act.

### Number of cases filed, if any, and their disposal under section 22 of the sexual harassment of women at work place (prevention, prohibition and redressal) act, 2013

Your Company is fully committed to uphold and maintain the dignity of every woman working with the Company. The Company has Zero tolerance towards any action on the part of any one which may fall under the ambit of 'Sexual Harassment at workplace. The Policy framed by the Company in this regard provides for protection against sexual harassment of women at workplace and for prevention and redressal of such complaints.

Internal Complaints Committees (ICC) have been set up to redress complaints received regarding sexual harassment.

#### Details of Internal Complaints Committee

Status of the Complaints during the FY 2020-21 is as follows:

Plot Nos. 806, 807,  
GIDC Estate, Phase III,  
Vapi, Valsad,  
Gujarat – 396195, India

Dear Members,

### Background:

We, Gokhale and Sathe, Chartered Accountants, being the Statutory Auditors of Aarti Surfactants Limited ("the Company") are issuing this certificate as required by the Company for annual submission to the Stock exchange and to be sent to the Shareholders of the Company. The Corporate Governance Report prepared by Aarti Surfactants Limited, contains details as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para-C and D of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations") ('applicable criteria') with respect to Corporate Governance for the year ended March 31, 2021.

### Management Responsibility:

The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report. The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

### Auditor's Responsibility:

Our responsibility is to provide a reasonable assurance in the form of an opinion whether the Company has complied with the condition of Corporate Governance, as stipulated in the Listing Regulation.

We conducted our examination of the Corporate Governance Report in accordance with the Guidance Note on Reports or Certificates for Special Purposes and the Guidance

Note on Certification of Corporate Governance, both issued by the Institute of Chartered Accountants of India ("ICAI"). The Guidance Note on Reports or Certificates for Special Purposes requires that we comply with the ethical requirements of the Code of Ethics issued by ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC 1), Quality Control for Firms that Perform Audits and Review Historical Financial Information, and Other Assurance and Related Services Engagements.

The procedures selected depend on the auditor's judgment, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. We have examined (a) the minutes of the meetings of the board of directors of the Company (the "**Board**") and of committees of the Board, the annual general meetings of the shareholders of the Company; (b) declarations made by the Board under relevant statutory / regulatory requirements; (c) relevant statutory registers maintained by the Company; and (d) such other documents and records of the Company as deemed necessary, in connection with ascertaining compliance with the conditions of corporate governance by the Company, as prescribed under the, Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "**SEBI Listing Regulations**").

The procedures also include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope of work under this report did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

### Opinion:

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, in our opinion and to the best of our information and according to the explanations given to us, we certify that the company has complied with all the SEBI Listing Regulations, and the rules made thereunder, each as amended on Corporate Governance.

**Restriction on use:**

This Certificate is issued to the company solely for their consideration and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

**Disclaimer:**

Such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Yours faithfully,

For **Gokhale and Sathe**

## Section E: Principle-Wise Performance

### Principle 1: Ethics, Transparency and Accountability

**Businesses should conduct and govern themselves with ethics, transparency and accountability**

- 1) Does the policy relating to ethics, bribery and corruption cover only the company? **No**.  
Does it extend to the Group/ Joint Ventures/ Suppliers/ Contractors/NGOs /Others?: **Yes**
- 2) How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

The Company has adopted the Code of Conduct ('CoC' or 'Code') with the aim to follow and maintain the highest ethical and moral standards, in compliance with the applicable laws, and in a manner that excludes considerations of direct and indirect personal advantage / gains.

The Code applies to every employee, director and officer of the Company, suppliers, customers, contract staff, contractors and consultants who are working on behalf of / for the Company (through outsourcing of services, processes or any business activity), are required to act consistently in accordance with the CoC.

An effective vigil mechanism/whistle blower policy is in place to report to the management, instances on unethical behaviour and any violation of the Company's Code of Conduct. The Company has instituted a Committee to redress complaints received regarding sexual harassment. No complaint was received in 2020- 21.

During the year no complaints of shareholders were received through SEBI Scores portal.

### Principle 2: Sustainability

**Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.**

The Company deals in goods, services and processes that are safe and contribute to sustainability throughout their lifecycle. Company has constantly improved our recoveries and reduced hazardous waste generation, improved on water conservation and energy consumption. We have also adopted new technologies to optimally use available natural resources to improve our environment footprint.

The Company practices the motto of 'safety first' for employees and our stakeholders in all our operations. In doing so, the Company maintains detailed, up-to-date programs covering Safety, Health, Environment, Fire, Security, Compliance, Hazards communication, and Emergency Preparedness etc. The Company is actively committed to the continuous improvement in the standards of Safety and Health at the workplace.

The Company partners with the customer at the product development stage itself, discussions focus around quality, packaging, H&S, and environmental parameters like resource efficiencies. Improvement in product quality reduces waste generation at the customer's end, at each stage samples are tested at the customer's end, this helps to minimise negative impacts and improve quality.

- **Product labelling**

The Company endeavours to provide customers with appropriate labelling and signage. The Company discloses all required information truthfully and factually including the risks to the individual. Where required, the Company also educates their customers on the safe and responsible usage of their products including guidelines for product handling, storing at customers end, the same is visibly placed on all product packaging.

- **Sustainable sourcing**

The company believes in and follows a Responsible Sourcing Policy with utmost focus on environmental and social aspects. Identification of a supplier is always on the basis of its long term capabilities, technological competencies, growth plan and commercial competitiveness.

The Company ensures the sustainability of resources by reducing, reusing, recycling and managing waste. It has embraced the "3-R" (Reduce, Reuse and Recycle) philosophy for all types of wastes leading to minimisation of air emissions, liquid effluents, solid wastes, in line with legal requirements and industry best practice.

### Principle 3: Welfare of Employees

#### Businesses should promote the wellbeing of all employees

The Company works consistently to provide workplaces free of discrimination and harassment on the basis of gender, ethnic background, religion, age, disability or sexual orientation. This diversity is promoted and respected without exception. All employees deserve mutual respect.

Every person is entitled to fair and respectful treatment. The Company is committed to a diverse working environment, in which each person's uniqueness is recognized and every individual is treated with courtesy, honesty and dignity. Harassment, bullying or intimidation is not tolerated.

The Company ensures the compliance of employee related applicable statutes which guarantee the social security benefits, proper and safe working environment, wages, timely payment, bonus, leave benefits, working hours, breaks, maintaining hygiene, health, prohibition of child labour and respecting their all fundamental and human rights.

The Company's policy prohibits engaging of any child labour or involuntary labour. Thus, there were no complaints relating to child labour, forced labour and involuntary labour.

### Principle 4: Stakeholders' Engagement

#### Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.

The Company deals with all those it comes in contact with fairness and integrity. The Company acknowledges its responsibility towards its stakeholders and is committed to engaging with all concerned stakeholders who are directly or indirectly affected by the business processes and decisions. The Company endeavours to understand their concerns, defines purpose and scope of engagement, commits to engaging with them and resolves differences with stakeholders in a just, fair and equitable manner. The Company acknowledges and assumes responsibility by being transparent about the impact of its policies, decisions, product & services and associated operations on the stakeholders.

### Principle 5: Human Rights

#### Businesses should respect and promote human rights

Respect for human rights is an integral part of our corporate responsibility. The Company respects the dignity and individual rights of every employee and colleague as well as third parties with whom it does business. The Company ensures that human rights enshrined in the Constitution of India and the International law on Human rights is not violated across its operations. The Company ensures that all individuals impacted

by the business have access to grievance mechanisms, no such complaints were received in the period under review.

### Principle 6: Environment, Health and Safety

#### Business should respect, protect and make efforts to restore the environment

We envisage our company to create a progressive legacy for our only silent stakeholder – Environment. Our endeavours for this reporting period revolved around creating a culture of care for nature's assets and necessary technological interventions to go green & sustain. Company has developed a green belt area of 12786.63 sqm. Around 5000 trees are planted in last three financial years. Further in Silvassa plant small solar energy system of 56 kw is installed on the roof top of material godown.

Our Health, Safety and Environment policy covers all our operations, projects and personnel associated with the company. Our procurement policy, encourages resource efficiency in the supply chain which together with the 'Code of Conduct for Vendors and Service Providers'. Most of our operations are in a state of Madhya Pradesh and Silvassa (Union territory) which is water scarce region and we see climate change as a material concern for our business and stakeholders. The Company has undertaken several water conservation measures for reduction in fresh water intake. These include continual improvement in specific water consumption; adoption of best practices to achieve zero discharge in the company's operating units.

Environmental risks are regularly identified and assessed through structured on-line compliance management system (CMS). Major risks are being reviewed periodically at the corporate level. Hazard Identification and Risk assessment are also conducted as part of a safety management system to identify potential environmental hazards and risks.

We are well within the prescribed limits by the relevant pollution control authorities. The Company continues to invest in reducing air emission levels through adoption of cleaner technologies/fuels, monitoring of combustion efficiencies and investments in state-of-the-art pollution control equipment. Regular monitoring is carried out of significant air emission parameters, such as Particulate Matter, Nitrogen Oxide and Sulphur Dioxide to ensure compliance with regulatory requirements.

The Company has measures across units to ensure waste minimisation, segregation at source and recycling.

# Independent Auditors' Report

To the Members of  
Aarti Surfactants Limited

## Report on the audit of the Standalone Financial Statements

### Opinion

We have audited the accompanying standalone financial statements of Aarti Surfactants Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (herein after referred as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

### Basis of opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

## Information other than the financial statements and auditor's report thereon

The Board of Directors of the Company is responsible for the other information. The other information comprises the information included in Annual Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management

either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the financial reporting process of the Company.

## Auditors' responsibilities for the audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of use of the going concern basis of accounting by the Management and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the

ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 (the Order), issued by the Central Government in terms of Section 143(11) of the Act, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, based on our audit, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
  - b. In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
  - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e. On the basis of the written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of section 164(2) of the Act.
  - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Company.
  - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position. (Refer Note No. 27 to the standalone financial statements).
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.

# Annexure A to the Independent Auditors' Report

Referred to in para 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date:

- i. In respect of the Company's fixed assets:
  - a. The Company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets.
  - b. The Company has phased programme of physical verification of fixed assets by which all fixed assets are verified over a period of three years and no material discrepancy was noted on such physical verification. In our opinion, periodicity of physical verification is reasonable having regard to the size of the Company and nature of the assets.
  - c. According to the information and explanation given to us and on the basis of examination of the records of the Company, title deeds of immovable properties are held in the name of the company. In respect of immovable properties taken on lease and disclosed as property, plant and equipment in the standalone financial statements, the lease agreements are in the name of the company, except Plot No 62,63,64,57,61, 62A and S-3/1 at Pithampur, Madhya Pradesh (Aggregate book value ₹ 267.80 lakhs) are in the name of demerged Company (Aarti Industries Limited). According to explanation obtained from management, in view of demerger through court scheme, leasehold rights are deemed to be transferred to the Company and procedure for transferring in the name of the Company is yet to be completed.
- ii. In our opinion and according to the information and explanations provided to us, the inventories have been physically verified by the management during the year. In our opinion the frequency of such verification is reasonable. In our opinion and as explained to us, there were no material discrepancies noticed on physical verification of inventories as compared with the books of account.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies or parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of paragraph 3(iii) (a), (b) and (c) of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with provisions of Section 185 and 186 of the Act in respect of grant of loans, making investments, and providing guarantees and securities, as applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposits from the public during the year.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 prescribed by the Central Government under Section 148(1)(d) of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed accounts and cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us, in respect of statutory dues:
  - a. According to the information and explanation given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees State Insurance, Income tax, Sales tax, GST, Custom duty, and any other material applicable statutory dues have been regularly deposited during the year with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were in arrears as of 31<sup>st</sup> March 2021 for a period of more than six months from the date they became payable.
  - b. There are no dues of income tax, sales tax, VAT, GST, custom duty, Entry Tax, PF Act, which have not been deposited on account of any dispute except the below,

(₹ in Lakhs)

Name of statute	Nature of dues	Forum where dispute is Pending	Period to which the amount relates	Amount

# Annexure B to the Independent Auditors' Report

**Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date:**

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Aarti Surfactants Limited ("the Company") as on March 31, 2021, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

## **Management's responsibility for internal financial controls**

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the policies of the company, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## **Auditors' responsibility**

Our responsibility is to express an opinion on the internal financial controls of the Company over financial reporting based on our audit. We conducted our audit. We conducted audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

## **Meaning of internal financial controls over financial reporting**

A Company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial statements.

## **Inherent limitations of internal financial controls over financial reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the

internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting

criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

## B. Significant Accounting Policies

### B.1 Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- a. Certain financial assets and liabilities that are measured at fair value; and
- b. Defined benefit plans - Plan assets measured at fair value.

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) (Amendment) Rules, 2015 amended from time to time and other relevant provisions of the Act.

Company's Financial Statements are presented in Indian Rupees (₹), which is also its functional currency and all values are rounded to the nearest Lakhs (₹ 00,000), except when otherwise indicated.

The financial statements of the Company for the year ended 31.3.2021 were approved for issue in accordance with a resolution of the Board of Directors in its meeting held on 21st May, 2021

### B.2 Critical Accounting Estimates, Assumptions and Judgments:

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in subsequent financial years.

#### (a) Useful Lives of Property, Plant and Equipment ("PPE")

Property, plant and equipment represents a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

#### (b) Defined Benefit Plans (Gratuity)

A liability in respect of defined benefit plans is recognised in the balance sheet, and is measured as the present value of the defined benefit obligation at the reporting date less the fair value of the plan's assets and is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

# Corporate Information and Significant Accounting Policies

## (c) Provisions and Contingent Liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

## (d) Provision for Income Tax and Deferred Tax Assets

The Company uses estimates and judgements based on the relevant rulings in the areas of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax at the end of each reporting period.

## B.3 Summary of Significant Accounting Policies

### (a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as Current, when -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### (b) Property, Plant and Equipment (PPE)

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

### (c) Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of intangible assets.

## Corporate Information and Significant Accounting Policies

### (d) Valuation of Inventories

Inventories are valued at Cost or Net Realizable Value whichever is lower.

Inventories have been valued on the following basis:

- a. Raw Materials, Packing Material, Stores and Spares Weighted Average cost or net realisable value, whichever is lower
- b. Work-in-Progress - At cost plus appropriate allocation of overheads or net realisable value, whichever is lower
- c. Finished Goods - At cost plus appropriate allocation of overheads or net realizable value, whichever is lower.

### (e) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### (f) Revenue Recognition

- (i) Revenue from Sale of Goods to customers is recognised when control of the goods is transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. Generally, control is transferred upon shipment of goods to the customer or when the goods are made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped. Sale of goods is recognized on dispatch of goods to customers and is recorded net of claims, etc., as considered appropriate. Revenue from Sale of Scrap and obsolete stores is accounted for at the time of disposal.
- (ii) Export entitlements are recognized on realization.
- (iii) Revenue in respect of Interest is recognized on the time proportion method.
- (iv) Industrial Promotion Incentive granted by State Government is recognised when claim in respect of Entitlement is made & admitted after close of yearly Sales Tax Assessment.

- (v) Dividend Income is recognised when the Company's right to receive the amount has been established.

### (g) Government Grants

- (i) Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.
- (ii) Government grants are recognised in Profit and Loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to Profit and Loss on a systematic and rational basis over the useful lives of the related assets.
- (iii) In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

### (h) Depreciation/Amortization

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II;

Sr. No.	Particulars	Depreciation or Amortisation
1.	Leasehold Land	Over the remaining tenure of lease
2.	Building	Over a period of 19 years
3.	Plant & Machinery	Over its useful life as technically assessed, i.e over a period of 19 years, based on the type of Equipment
4.	Furniture and Fixtures	Over a period of 10 years
5.	Vehicles	Over a period of 7 years
6.	Intangible Assets (Product Registration Rights)	Over a period of 5 years

# Corporate Information and Significant Accounting Policies

## (i) Impairment of Assets

Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of net selling price of an asset or its value in use. Value in use is present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

## (j) Foreign Currency Transactions

Foreign currency transactions are accounted at the rates prevailing on the date of the transactions. The exchange rate differences arising out of such transactions are appropriately dealt in the financial statements in accordance with the applicables accounting standards.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

## (k) Operating Leases

### As a lessee:

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

### As a lessor:

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Standalone Balance Sheet based on their nature. Leases of property, plant and equipment where the Company as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalised at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognised in the Standalone Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

# Corporate Information and Significant Accounting Policies

## (l) Finance Costs

Borrowing Costs other than those directly attributable to Qualifying Assets are recognised as expenses in profit or loss in the period in which they are incurred.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of the asset.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

## (m) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities may arise from litigation, taxation and other claims against the Company. Where it is management's assessment that the outcome is uncertain or cannot be reliably quantified, the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote such contingent liabilities are disclosed in the notes but are not provided for in the financial statements.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

## (n) Employee Benefits

### Short-term Benefits

Short term employee benefits including accumulating compensated absences are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

### Post-retirement Benefits Defined Contribution Plans

Retirement Benefits in the form of Provident Fund which is a defined contribution schemes is charged to the statement of profit and loss for the period in which the contributions to the fund accrue as per the relevant statute.

### Defined Benefit Plans

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed by the Company to the gratuity fund maintained with Life Insurance Corporation of India, exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurements of Defined Benefit Plans in respect of post-employment are charged to the Other Comprehensive Income.

## (o) Taxes on Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in Equity, in which case, the tax is also recognised in Other Comprehensive Income or Equity.

### Current Tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the

# Corporate Information and Significant Accounting Policies

relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

## Deferred Tax

Deferred tax is recognised on temporary differences between carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

## Minimum Alternate Tax (MAT)

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period i.e., the period for which MAT Credit is allowed to be carried forward. The Company reviews the same at each balance sheet date.

## p. Financial Instruments

### Financial Assets

#### I Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

#### II Subsequent Measurement

##### (i) Financial assets measured at Amortised Cost (AC)

A financial asset is measured at Amortised Cost, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### (ii) Financial assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### (iii) Financial assets measured at Fair Value Through Profit or Loss (FVTPL)

A financial assets, which are not classified in any of the above categories are measured at FVTPL.

#### III Equity Investments

All equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. Equity Investments in Subsidiaries are carried individually at cost less accumulated impairment, if any.

#### IV Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses, 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

# Corporate Information and Significant Accounting Policies

## Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables, the Company applies 'simplified approach', which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk, full lifetime ECL is used.

## Financial Liabilities

### I Initial Recognition and Measurement

All financial liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

### II Subsequent Measurement

Financial liabilities are carried at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

## Derecognition of Financial Instruments

The Company derecognises a financial asset, when the contractual rights to the cash flows from the financial asset expires, or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet, when the obligation specified in the contract is discharged or cancelled or expires.

## Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

## q. Earnings Per Shares

Basic earnings per share are calculated by dividing the Profit or Loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the Profit or Loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

Delta effect of -1% Change in Rate of Employee Turnover	(1.41)	0.91
The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.		
The sensitivity analysis presented above may not be representative of actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.		
Furthermoew, in presenting the above sensitivity analysis, the present value of projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected present obligation as recognised in the balance sheet.		
There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The financial instruments are categorised into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Input other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

## B. Financial Risk Management

The Company's principal financial liabilities comprise borrowings, trade payables and other unsecured Lendings. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include Customer Receivables, Investments and cash and cash equivalents that it derives directly from its operations.

The Company is exposed to credit risk, market risk and liquidity risk. The Company's senior management oversees the management of these risks.

### a. Market Risk

#### (i) Foreign currency risk

The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities in exports and imports which is majorly in US dollars.

In case of Long term Contract with Large Customer, Currency Fluctuation is to Customer's Account.

#### (ii) Commodity Price Risk

The Company has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs.

### b. Credit Risk

The company is exposed to credit risk from its operating activities (primarily for trade receivables).

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the company. Credit risk arises from company's activities in investments and outstanding receivables from customers.

### c. Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities such as trade payables and other financial liabilities.

The Company's corporate treasury department is responsible for liquidity and funding as well as settlement. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

# Independent Auditors' Report

To the Members of  
Aarti Surfactants Limited

## Report on the audit of the Consolidated Financial Statements

### Opinion

We have audited the accompanying consolidated financial statements of Aarti Surfactants Limited ("the Holding Company") and its one subsidiary company (the Holding Company and its subsidiary together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity, for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, and their consolidated profit, consolidated total comprehensive income, consolidated cash flows and consolidated changes in equity for the year ended on that date.

### Basis of opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's responsibility for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

## Information other than the financial statements and auditor's report thereon

The Board of Directors of the Company is responsible for the other information. The other information comprises the information included in Annual Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Board of Directors of the Holding Company is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including Other Comprehensive Income), Consolidated Cash Flows and Consolidated Changes in Equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group

to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

## Auditor's responsibilities for the audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As a part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiary company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of use of the going concern basis of accounting by the Management and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, to express an opinion on the Consolidated Financial Statements. We are responsible for direction, supervision and performance of the audit of the Financial Statements or business activities included in the consolidated financial statements of which we are the Independent Auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may

reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on other legal and regulatory requirements**

As required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.
- b. In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Changes in Equity dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.
- e. On the basis of the written representations received from the directors included in the Group as on March 31, 2021, taken on record by the Board of Directors of the Holding Company and its subsidiary, none of the directors of the Group are disqualified as on March 31, 2021, from being appointed as a director in terms of section 164(2) of the Act.

- f. With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of those companies, for the reasons stated therein.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended; in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Group has disclosed the impact of pending litigations on the consolidated financial position of the Group (Refer Note No. 27 to the consolidated financial statements).
- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts required to be transferred to the Investor Education and Protection Fund by the Group.

# Annexure A to the Independent Auditors' Report

**Referred to in paragraph (f) under 'Report on other legal and regulatory requirements' section of our report of even date.**

Report on the internal financial controls over financial reporting under Clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Aarti Surfactants Limited (the Holding Company and its subsidiary, together referred as "the Group") as of March 31, 2021, in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

## **Management's responsibility for internal financial controls**

The respective Board of Directors of the Holding Company and its subsidiary are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective policies of the Company, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## **Auditors' responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal

financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the judgement of the Auditor, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary company, which are companies incorporated in India.

## **Meaning of internal financial controls over financial reporting**

The internal financial control over financial reporting of the Company is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with Generally Accepted Accounting Principles. The internal financial control over financial reporting of the Company includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with Generally Accepted Accounting Principles and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of assets of the Company that could have a material effect on the consolidated financial statements.

### Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion and to the best of information and according to the explanations given to us, the Holding Company and its subsidiary company, have in all material respects, an adequate

internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## B. Significant Accounting Policies

### B.1 Basis of Preparation and Presentation

Significant Accounting policies and Notes to these Consolidated Financial Statements are intended to serve as a means of informative disclosures and a guide to better understanding of the consolidated position of the Companies. Recognizing this purpose, only such Policies and Notes from individual financial statements are disclosed here, which fairly present the needed disclosures.

#### (i) Compliance with Ind AS

The Consolidated Financial Statements of the Group have been prepared in accordance with Indian Accounting Standards (IND AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 amended from time to time and other relevant provisions of the Act.

#### (ii) Historical cost convention

The Consolidated Financial Statements have been prepared on a historical cost basis except for the following:

- Certain financial assets and liabilities that are measured at fair value; and
- Defined benefit plans - Plan assets measured at fair value.

#### (iii) Rounding of amounts and approval of financial statements

The Consolidated Financial Statements of the Group are presented in Indian Rupees (₹), which is also its functional currency and all values are rounded to the nearest Lakhs (₹ 00,000), except when otherwise indicated.

The Consolidated Financial Statements of the Group for the year ended 31.3.2021 were approved for issue in accordance with a resolution of the Board of Directors in its meeting held on 21st May 2021.

### B.2 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the Group's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in subsequent financial years.

#### (a) Useful Lives of Property, Plant and Equipment ("PPE")

Property, Plant and Equipment/Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The useful lives and residual values are based on the historical experience with similar assets and taking into account anticipated technological changes. The depreciation/amortisation for future periods is revised if there are significant changes from previous estimates.

#### (b) Defined Benefit Plans (Gratuity)

A liability in respect of defined benefit plans is recognised in the balance sheet, and is measured as the present value

# Corporate Information and Significant Accounting Policies

of the defined benefit obligation at the reporting date less the fair value of the plan's assets and is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

## (c) Provisions and Contingent Liabilities

The Group estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

## (d) Provision for Income Tax and Deferred Tax Assets

The Group uses estimates and judgements based on the relevant rulings in the areas of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax at the end of each reporting period.

## B.3 Principles of Consolidation :

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standard (Ind AS) 110 - Consolidated Financial Statements.

The Consolidated Financial Statements are prepared using the Financial Statements of the Parent Company and Subsidiary Companies drawn up to the same reporting date i.e 31st March, 2021

The consolidation of financial statements of the Parent Company and its Subsidiaries is done on line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses after eliminating all significant intra-group balances, intra-group transactions and unrealized profit or loss, except where cost cannot be recovered. The results of operations of a subsidiary are included in the consolidated financial statements from the date on which the parent subsidiary relationship came into existence.

Non-Controlling Interest in net profits of consolidated subsidiaries for the year is identified and adjusted against the income in order to arrive at the net income attributable to the shareholders of the Group. Their share of net assets is identified and presented in the Consolidated Balance sheet separately.

As far as possible, the consolidated financial statements have been prepared using uniform Accounting Policies for like transactions and other events in similar circumstances. Differences in Accounting Policies if any will be disclosed separately.

## C Summary of Significant Accounting Policies

### (a) Current and Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as Current, when -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or

# Corporate Information and Significant Accounting Policies

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

## (b) Property, Plant and Equipment (PPE)

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

## (c) Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the respective entities in the Group and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of intangible assets.

## (d) Valuation of Inventories

Inventories are valued at Cost or Net Realizable Value whichever is lower.

Inventories have been valued on the following basis:

- a. Raw Materials, Packing Material, Stores and Spares Weighted Average Cost or Net Realisable Value, whichever is lower.

- b. Work-in-Progress - At cost plus appropriate allocation of overheads or net realisable value, whichever is lower.
- c. Finished Goods - At cost plus appropriate allocation of overheads or net realizable value, whichever is lower.

## (e) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

## (f) Revenue Recognition

- (i) Revenue from Sale of Goods to customers is recognised when control of the goods is transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. Generally, control is transferred upon shipment of goods to the customer or when the goods are made available to the customer, provided transfer of title to the customer occurs and any significant risks of ownership or future obligations with respect to the goods shipped is not retained. Sale of goods is recognized on dispatch of goods to customers and is recorded net of claims, etc., as considered appropriate. Revenue from Sale of Scrap and obsolete stores is accounted for at the time of disposal.
- (ii) Export entitlements are recognized on realization.
- (iii) Revenue in respect of Interest is recognized on the time proportion method.
- (iv) Industrial Promotion Incentive granted by State Government is recognised when claim in respect of Entitlement is made & admitted after close of yearly Sales Tax Assessment.
- (v) Dividend Income is recognised when the right to receive the amount has been established.

## (g) Government Grants

- (i) Government grants are not recognised until there is reasonable assurance that the conditions attached to them will be complied and that the grants will be received.
- (ii) Government grants are recognised in Profit and Loss on a systematic basis over the periods in which the related costs for which the grants are intended to compensate are recognised. Specifically, government

## Corporate Information and Significant Accounting Policies

grants whose primary condition is that the entity should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

- (iii) In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

### (h) Depreciation/Amortization

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II;

Sr. No.	Particulars	Depreciation or Amortisation
1.	Leasehold Land	Over the remaining tenure of lease
2.	Building	Over a period of 19 years
3.	Plant & Machinery	Over its useful life as technically assessed, i.e over a period of 19 years, based on the type of Equipment
4.	Furniture and Fixtures	Over a period of 10 years
5.	Vehicles	Over a period of 7 years
6.	Intangible Assets (Product Registration Rights)	Over a period of 5 years

### (i) Impairment of Assets

Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of net selling price of an asset or its value in use. Value in use is present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

### (j) Foreign Currency Transactions

Foreign currency transactions are accounted at the rates prevailing on the date of transactions. The exchange rate differences arising out of such transactions are appropriately dealt in the financial statements in accordance with the applicables accounting standards.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

### (k) Operating Leases

#### As a lessee:

The Group assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: i) the contract involves the use of an identified asset ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and iii) the Group has the right to direct the use of the asset.

At the commencement date of the lease, the Group recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

# Corporate Information and Significant Accounting Policies

## **As a lessor:**

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Group is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Consolidated Balance Sheet based on their nature. Leases of property, plant and equipment where the Group as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalised at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognised in the Consolidated Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

## **(l) Finance Costs**

Borrowing Costs other than those directly attributable to Qualifying Assets are recognised as expenses in profit or loss in the period in which they are incurred.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of the asset.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

## **(m) Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation

and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities may arise from litigation, taxation and other claims against the Group. Where it is management's assessment that the outcome is uncertain or cannot be reliably quantified, the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote such contingent liabilities are disclosed in the notes but are not provided for in the financial statements.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

## **(n) Employee Benefits**

### **Short-term Benefits**

Short term employee benefits including accumulating compensated absences are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

### **Post-retirement Benefits Defined Contribution Plans**

Retirement Benefits in the form of Provident Fund which is a defined contribution scheme are charged to the statement of profit and loss for the period in which the contributions to the fund accrue as per the relevant statute.

### **Defined Benefit Plans**

The gratuity is paid to the employees who have completed five years of service with the respective entities at the time of resignation/superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed by the respective entities to the gratuity fund maintained with Life Insurance Corporation of India, exclusively for gratuity payment to the employees.

# Corporate Information and Significant Accounting Policies

The liability in respect of gratuity and other post-employment benefits is calculated using Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurements of Defined Benefit Plans in respect of post-employment plans are charged to the Other Comprehensive Income.

## (o) Taxes on Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in Equity, in which case, the tax is also recognised in Other Comprehensive Income or Equity.

### Current Tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Current tax assets and Current tax liabilities are offsetted, where there is a legally enforceable right to set off the recognised amounts and where the respective entities intend either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

### Deferred Tax

Deferred tax is recognised on temporary differences between carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

### Minimum Alternate Tax (MAT)

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the respective entities will pay normal income tax during the specified period i.e., the period for which MAT Credit is allowed to be carried forward. The same is reviewed at each balance sheet date.

## (p) Financial Instruments

### • Financial Assets

#### I Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

#### II Subsequent Measurement

##### (i) Financial assets measured at Amortised Cost (AC)

A financial asset is measured at Amortised Cost, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### (ii) Financial assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

# Corporate Information and Significant Accounting Policies

- (iii) Financial assets measured at Fair Value Through Profit or Loss (FVTPL)

A financial assets, which are not classified in any of the above categories are measured at FVTPL.

### III Equity Investments

All equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which it is elected to present the value changes in 'Other Comprehensive Income'.

### IV Impairment of Financial Assets

In accordance with Ind AS 109, the Group uses, 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables, the Group applies 'simplified approach', which requires expected lifetime losses to be recognised from initial recognition of the receivables. the Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Group uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk, full lifetime ECL is used.

## • Financial Liabilities

### I Initial Recognition and Measurement

All financial liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

### II Subsequent Measurement

Financial liabilities are carried at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

## • Derecognition of Financial Instruments

the Group derecognises a financial asset, when the contractual rights to the cash flows from the financial asset expires, or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Balance Sheet, when the obligation specified in the contract is discharged or cancelled or expires.

## • Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Group has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

### q. Earnings per share

Basic earnings per share are calculated by dividing the Profit or Loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the Profit or Loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermoew, in presenting the above sensitivity analysis, the present value of projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected present obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

## 32 Capital Management

The objectives for managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The overall strategy of the Group remains unchanged from previous year.

The amount of capital required is set on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, internal fund generation, and other non - current/current borrowings. The Groups's policy is to use current and non - current borrowings to meet anticipated funding requirements. The Group monitors capital on the basis of the net debt to equity ratio.

The Management believes that it will be able to meet all its current liabilities and interest obligations on timely manner.

## B. Financial Risk Management

The principal financial liabilities comprise Borrowings, trade payables and other unsecured Lendings. The main purpose of these financial liabilities is to finance the operations. The principal financial assets include Customer Receivables, Investments and cash and cash equivalents that it derives directly from its operations.

The Group is exposed to credit risk, market risk and liquidity risk. The senior management oversees the management of these risks.

### a. Market Risk

#### (i) Foreign currency risk

The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the operating activities of the Group in exports and imports which is majorly in US dollars.

In case of Long term Contract with Large Customer, Currency Fluctuation is to Customer's Account.

#### (ii) Commodity Price Risk

The Group has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs.

# Notes Forming Part of Consolidated Financial Statements

## b. Credit Risk

The Group is exposed to credit risk from its operating activities (primarily for trade receivables).

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the company. Credit risk arises from Group's activities in investments and outstanding receivables from customers.

## c. Liquidity Risk

Liquidity risk is defined as the risk that the entities of the Group will not be able to settle or meet its obligations on time or at a reasonable price. For the Group, liquidity risk arises from obligations on account of financial liabilities such as trade payables and other financial liabilities.

The corporate treasury department of the Group is responsible for liquidity and funding as well as settlement. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Group's net liquidity position through rolling forecasts on the basis of expected cash flows.
