NCLT's Wave order

THE NCLAT ON Thursday upheld an order of NCLT which dismissed a plea by real estate firm Wave Megacity Centre to initiate insolvency proceedings against itself and imposed a fine of ₹1 crore.

The insolvency appellate tribunal observed that the company's plea to initiate insolvency proceedings against itself under Section 10 of the IBC was with "mallicious purpose" and "was to save the Corporate Debtor from liabilities, responsibilities and prosecution".

In June last year, the Delhi-

tes, responsable to the control of the National Company Law Tribunal (NCLI) rejected the plea filed by Wave Megacity Centre, which is developing commercial and residential projects in sectors 25 A and 32 of Noida, Uttar Pradesh.

MARKING TWO CONSECU-

MARKING TWO CONSECU-TIVE years of strong growth, capital goods firms are expected to post a healthy 16-18% rise in revenue in this financial year — despite a 20% growth in last fiscal — and a 10-12% rise in the next fiscal. This comes after a sluggish growth for the sector in the decade up to FY21 (2011–2021), according to a report by Crisi Ratings.

The growth in this financial year for the capital goods companies would be due to an improved execution amid rising orders, while that in the next fiscal would be supported by a strong order backlog and steady inflow of fresh orders. The capital goods companies comprise Engineering, Procurement and Construction (EPC) service providers

curement and Construction (EPC) service providers (excluding road and civil construction) and equipment manufacturers. Higher commodity prices, rising government and private sector spend on infrastructure and steady improvement in private capital expenditure in consumption-based sectors, including due to investment in production linked incentive

The growth in revenues is also supported by profitability with operating margin rising by about 175 basis points on-

Increased execution of order book, coupled with softening of raw material (mainly steel, copper and aluminum) prices in the last 6-9 months, will result in better coverage of overheads and should drive further improvement in operating margins by 50-75 bps to 10-10.25% this fiscal and the next. ### Oyo writes to NCLT to expedite MCA's FHRAI inquiry

SALMAN SH Bengaluru, January 5

BUDGET HOTEL UNICORN
Oyo, in a recent letter, has
requested the National Company Law Tribunal (NCLT) to
expedite the ministry of corporate affairs (MCA) investigation
into the operations of Federation of Hotel & Restaurant
Associations of India (FHRAI).
Recently the NCLT's New
Delhi bench passed an order
directing MCA to look into the
affairs of FHRAI and examine if
it conducts itself in a manner
compliant with the provisions
of the Companies Act. The
NCLT order also stated that this
was necessary due to allegations of "personal interest"
which have come to loom over
the functioning of FHRAI.
Theletterby O'O points out
that the present governing
body members of the FHRAI,
are running a "deleterious and
malicious agenda" aimed
towards ruining the interest of
the hotel industry at large".
"(FHRAI)is creating hurdles
and bottlenecks for new players
in the market, who are posing a
stiff challenge to the self-serving agenda of cortain members
of the FHRAI with wested interest," the letter stated.
Oyo, inistletter to NCLT, also
talked about how FHRAI's
actions are allegedly a "wor'r
some development" for the
hotel business in the country.
"It does not augur well for
the business environment of
our country when prominent
start-ups..are the subject of
such concerted and intimidatory arms."

The letter by OYO points out that the present governing body members of the FHRAI, are running a "deleterious and malicious agenda against the hotel industry

across multiple forums with the sole malicious intent to harm the hotel industry of the country", Oyo added in its rep-resentation to NCIT. FHRAI was formed with the intent to promote the travel and tourism industry, however,

there have been allegations of unfair elections and mismanuntair elections and misman-agement by two regional chap-ters of FHRAI. Oyo, in its letter, to NCLT has questioned the functioning of FHRAI and has also urged to take appropriate action against the erring com-mittee members.

mittee members.
It's important to note that
the tussle between Oyo and the
FHRAI has been a long-drawn
one with the hotel lobby body
having publicly accused Oyo of
unfair trade practices to
monopolies the hotel industry.

EVEN THOUGH SOME big automakers like Hero Moto-Corp, Bajaj and Mahindra are not taking part in the Auto Expo 2023, the components show of the Auto Expo has shaped out well, with partici-pation from over 800 compa-nies, spokespersons from the Automotive Component Man-ufacturers Association of India (ACMA) said on Thursday. To be held from January 12-5 at Pragati Maidan in Delhi, the components show runs parallel to the Motor Show (held at India Expo Centre in Greater Noida, near Delhi, from January 13-18). Passenger vehicle (PV) retail saleswere up 16,35% at 3.4 million units, while two-wheeler retail sales grew 13,37% to 15.38 million units.
FADA president Manish Raj Singhania said, "For CY2022, while total vehicle retails grew 15% year—on-year and 17% compared to CY20, they failed to surpass CY12 retails (a pre-Covidyear) and fell 10%."
He further said, "The PV category during this period continued to gain new grounds by clocking 3.43 million retails during the full year. This is by far,

to reasons like rise in inflation, increased cost of ownership, rural market yet to pick up fully and increased EV sales, the ICE (internal combustion engine) two-wheeler segment is yet to see any green shoots," he said.

In 2022, commercial vehi-cles retail sales grew 31.97% to 865,344 units."The CV segment has continued to growthrough-out CY2022 and is now almost on a par with CY2019 retails. With an uptick in demand in

He also said the three-wheeler segment, which was completely down during the pandemic, has recovered well and has narrowed its gap when compared to CY19.

Singhania said the tractor segment was the only other segment apart from PV which has grown well above CY21, CY20 and pre-Covid CY19.

In December, FADA said the total vehicle retail sales were down 5.4% at 1,622,317 units. Two-wheelers retail sales so at 280,016 units were up 8.15%, while commercial vehicles segment witnessed retail sales of 66,945 units, up 10.67%.

MARKING TWO CONSECUTIVE years of strong growth, capital goods firms are expected to post a healthy 1615% rise in revenue in this financial year—despite a 20% growth in last fiscal— and a 10-12% rise in the next fiscal.

This comes after a sluggish growth for the sector in the decade up to FY21 (2011-2021), according to a report by Crisil Ratings.

The growth in this financial year for the capital goods companies would be due to an improved execution amid rising orders, while that in the next fiscal would be supported by a strong order backlog and steady inflow of fresh orders.
